SUBJECT: LATVIA'S UNGA GOALS AND PRIORITIES

REF: STATE 97114

(U) Poloff delivered reftel demarche to Sarmite Danne, the MFA's First Secretary - International Organizations. Danne stated that they would consider the U.S. goals and priorities, and believed that, because of several major issues including Georgia, the UNGA session would not be easy. Danne said that the GOL is committed to EU priorities and the common position, including (in no particular order) development goals, climate change, human rights and resolving the situation in Georgia. Danne acknowledged the importance of following the Serbia/Kosovo issue carefully.
